injury	die from it within 180 days counting from the day the accident occurred.	
1119 001 9	are from to wronnin foo aajo coancing from one aaj ene acciacito cocarroa.	
Residual	This compensation will be paid for a case that a student get injured during the insured period and	
disability	have residual disability from it within 180 days counting from the day the accident occurred.	
disability	have residual disability from it within 100 days counting from the day the accident occurred.	
Death by	This compensation will be paid for a case that a student get ill and die from it during the insured	
sickness	period.	
Medical	When a student get injured or ill during the insured period and result in paying medical treatment	
treatment	cost for it, in condition that the fees below are officially covered by Japanese national health	
cost(※)	insurance, the medical expense amount after deduction of indemnity fee (3,000 yen per accident /	
	illness case) will be paid. However, it will be limited to medical expense that a student needed	
	to pay within 180 days from the day the accident occurred or the day a doctor started treatment for	
	illness.	
	${f O}$ Medical expense paid to a doctor including fee for treatment and surgery	
	\textcircled{O} $% \label{eq:matrix}$ Medicine cost for that treated / prescribed by a doctor, material cost for treatment and fee	
	for using medical appliances	
	3 Cost for X-ray / other examinations and use of a patient room for hospitalization	
	④ Cost for hospitalization at a hospital or clinic	

Reparation liability	The system will pay reparation liability fee to support student's legal compensation that the student is obligated to pay for physically injuring others or damaging other people's property in an incidental accident that occurred in Japan during the insured period. However, the amount of 3,000 yen per accident will be deducted from the reparation liability as indemnity.
Coverage for	
expenses of	The system will cover expenses that the Japanese language school, student himself/herself or his/her
insured	family paid under any one of the conditions below.
student and	
his/her	${f O}$ When the expense is considered proper as compensation for death from injure or illness.
family	② When an insured student commits suicide and die during the insured period
	3 When the expense counts as medical treatment cost for injure/illness and the student gets
	hospitalized for continuous 5 days or longer.
	4 When a ship or plane that a student rides during insured period gets wrecked or go missing
	(5) When there is a situation that official organization such as police confirms that whether a student
	is dead or alive cannot confirmed or there is a need for immediate search or rescue of the student
	due to sudden and incidental accident caused by outer force.

(※) In case a student is enrolled to the school with a resident status other than "temporary visitor", the student must be registered to Japanese national health insurance in advance and have his / her medical treatment cost covered by the national health insurance before requesting Kyousai system for compensation of the medical expense.
